Re: Case Number 2005-00445

I am Mrs. Lafayette Shelta (Lottie) and I own the property contiguous to the property site of the proposed construction of this 260 foot tower. Also, my son's home is less than 400 feet from the site. He has lived there for 19 years and it was not included on the map.

I highly object to this tower being constructed. I can not believe that someone would want to put a huge tower so close to several homes. I counted 44 homes, 2 companies, 1 business and 1 church close to this site.

The tower would pose several problems such as scenic pollution, health problems to humans plus cattle and sheep, and it would depress property value. Also, it is too close to the electrical lines for the homes nearby.

I am a widow and my land is my investment for the future as my husband was a farmer, he did not have a company pension or large 401-K to leave me and my family.

The owners of the land of the proposed site do not live close. One lives in the state of Texas and the other lives

2 miles away. Therefore their homes would not
lose their value.

Thank you,
Lottie Shelton

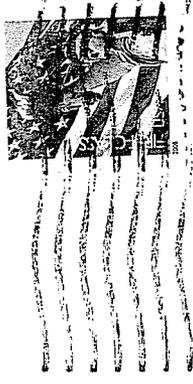

This site is in the middle of homes and farms.
Why can't it not be located like others on a hill
away from residences?

Also this section has a lot of historical
value.

Public Notice

This is to serve as notice that Cumberland Cellular Partnership, d/b/a Bluegrass Cellular, a Kentucky general partnership, is in the process of fulfilling compliance requirements for a 260-foot, self-supporting, telecommunications tower located at 900 KY Old Loop # 3, near Monticello, Kentucky. Comments are sought on the effect of the proposed towers on historic properties within the viewshed of the proposed towers per the Nationwide Programmatic Agreement of March 7, 2005 under the National Historic Preservation Act of 1966. For comments, please write to: Terracon Consultants, Inc., 4545 Bishop Lane, Suite 101, Louisville, Kentucky 40218.
